Please note that the responses below will be posted on communication channel(s) of the Union.

**1. Why do you want to contest for a position in the NUSSU Executive Committee?**

Being in my final year, it feels as though it is my last chance to give back to the school as well as impact a change, be it big or small. By having a position in the NUSSU ExCo, it enables me to have the opportunity and platform to inflict this change since I will be more connected to all the clubs in NUS.

Additionally, having been involved in several organising committees, I found myself enjoying the process of planning events and seeing ideas turn into reality. Joining the NUSSU ExCo lets me continue this passion and at the same time meet like-minded people.

**2. What position(s) are you interested in the NUSSU Executive Committee?**

I'm interested in being a part of the Student Life Cell, specifically the position of Director of Special Projects.

**3. What are your goals and directions for the Union? Why do you think the Union should head towards this direction?**

If I am able to have the opportunity to be the Director of Special Projects, my direction for the Union would be for it to continue working on being a more inclusive one, in terms of trying to engage students from all faculties and continuing to show our thanks to the staff of NUS.

The Union already has this direction and goal in mind but I hope to further it and reach out to more people. Sometimes being undergraduate students makes us forget about other things in life since we are all focused on being a student. Through the Union's special projects, I hope that it reminds students that there we should take out a little bit of our time to give back to the community.

**4. How do you plan to achieve your directions and goals mentioned in point 3?**

I hope to expand on existing events, for example ThanksNUS, and hopefully reach out to more staff, if not all. To do this, I will work with other constituent clubs of NUS and the other cells of NUSSU ExCo. This will also result in the project being inclusive of other clubs and faculties, all working for a common goal of the project.

**5. Do you have any relevant past experiences?**

I was the Vice Programmes Director for Union Camp 2017. In my second year, I was also a part of NUSSU's Public Relations Unit. Back in junior college, I was in the Student Council where I had a crucial role in planning several major events. I believe that these experiences will enable me to effectively take on the position of Director of Special Projects and work with others to make the Union more inclusive.

**6. Do you have any other commitments in or outside of NUS?**

Not at the moment.
